Press releases can suck my ancient dick. The seven
sorrows are: Monday, Tuesday, Wednesday, Thursday,
Friday, Saturday, Sunday. Sittin here envying your
massive ego. This tenuous useless making of things.
Spinach diseases. The shitty price I pay for this.
Harnessing our disabilities. All the crysanthemums
projected onto my walls. The Amazingly Persistent
Legend of You. DIRTY MILK. More like ultra-engorged
clit or swollen red nose than dumb dick thing. The sky is
one of my favourite places and I don't even has to leave
the house to enjoy it. I want it to be careful and uncared
and delicate and bold and intricate and wild but with
more empty spaces and you just scroll down n down n
down. All about fabric n paint n weather n plant disease.
I could be happy in a room with wild floral wallpaper,
wild floral curtains, wild floral setee, wild floral me <3

like a blanket in every direction. Sew eyelashes. you
can make any any thing your own if you so choose. If I
have to go live in Hastings I will kill myself. Grief, anxiety,

trauma, fear and addiction. Wot about anger and pain.
Historical weather. In the past 30 years, it rained 28 out of
30 times on this day. This officially rainy day. Established
as such since I was 24. Q. What is the use of thought
in this world? A. Somebody has to light the candles.

lemon drizzle cack, lindor darker, my shit stincks. Can
I insert foxes? no. I am going for a dead cert bang on
